

# Stop

Safety notice for mountain bikers

This sign indicates a Technical Trail Feature - Stop and inspect before riding

## Training Loop Circuit

This circuit contains 3 separate trails, beginning at blue grade = beginner/easy - through to black grade = expert/severe, which has a built timber trail and elevated structures and rock features to negotiate.

- Always wear appropriate safety clothing, such as a helmet and gloves.
- Do not attempt to ride in this area or attempt any of the technical features unless you are a skilled rider on the correct bike.
- You will encounter technical mountain bike features both man-made and natural.
- This is a high risk and dangerous sport and accidents could result in serious injury, ride within your ability.
- **By crossing this point you agree to the above terms.**
